# The Autobus Tonto 4 - IVECO EUROMIDI EURO 5

The Tonto 4 is built on the standard Iveco 280HP front engine chassis and without any chassis extension is a 32 seater including driver. It is available as a 32 seater up to a 44 seater with a chassis stretch / extension. It is also available in a 2x4 or motor home configuration.

The Tonto 4 comes in manual only and has front and rear diff locks, super single or dual rear tyre options available.

Luggage Bin

Bull Bar

## EXTERIOR Modern in Design and Reliability

Its concise lines not only increase the aesthetic feeling but also enlarges the interior. Modern body design ensures easy access for repairing, therefore making maintenance faster and more convenient.

Drivers Porthole Window

Side Mirrors

Reverse Camera  
Monitor on Dashboard  
Console

Roof Hatch  
Centrally located roof hatch  
provides an additional source of  
fresh air and acts as an  
emergency exit

Integrated Air Conditioning Unit

Out Swing Passenger Door

Front Windscreen

Front windshield with large single piece glass gives the driver a clear and transparent vision.

## DRIVING

Comfort Oriented Autobus Design

## INTERIOR Excellence in Form and Function

Reflecting the modern design technology, the Tonto 4 IVECO Euromidi 150 Euro5 combines outstanding ergonomics and appearance to provide a high level of comfort for the driver and passengers.

**Air Conditioning Louvers and Reading Lamps**

Louvers are installed over each passenger seat and can be aimed precisely. Ducts are larger for improved air flow.

**Driver and Passenger Entry**  
which also includes electric step.

**Passenger Seat Safety Belts**  
Seat belts are essential safety features and are provided as standard equipment.

**Emergency Exit**

**Dashboard**

Nice to look at and even nicer to drive. Drivers will love the wraparound style dashboard.
